

European Survey on Professional Success by Militos & Knowl with the cooperation of ICAP Group

A Survey which aims to define **Professional Success** and the support individuals can receive while they pursue it as well as to assess success traits, is conducted by the consultancy firm **Militos Emerging Technologies & Services** and the Social Enterprise for Education and Lifelong Learning **knowl**, with the cooperation of **ICAP Group S.A.**

The Survey is supported by the Federation of Hellenic Associations of Young Entrepreneurs (O.E.SY.N.E), the Hellenic American Union (HAU), the Hellenic American College (HAEC), the Greek part of the European Network of Mentors for Women Entrepreneurs (Business Mentors), and the European Centre of Women and Technology (ECWT).

The questionnaire addresses anyone who has sought and achieved professional success **with the aim to shed light into an important aspect of professional, social and individual reality as it is experienced and/or reflected everyday by thousands of professionals, entrepreneurs as well as executives.**

The survey findings will serve as a source of inspiration and motivation for individuals who seek success and can become tools of substantial support, reflection and action for those who process and propose employment policies.

EUROPEAN SURVEY ON PROFESSIONAL SUCCESS

What do we really mean by professional success?

Are there any personality traits that guarantee success?

How can we support ourselves towards our own professional success?

About Militos

Militos, Emerging Technologies and Services offers a wide range of innovative consultancy solutions in Entrepreneurship, Employment, VET, Agriculture, Culture, R&D, etc. Its field of expertise stretches from dissemination/publicity, awareness raising and implementation of imaginative information campaigns to event organizing, business development and entrepreneurial innovation. With a track record of over 30 EU projects, it has strong experience in large-scale project management. Militos acts as the National Editor of the EC Standard Eurobarometer (since 2011); as the Exclusive Media Consultant for both the EC Representation in Greece (since 2009) and the European Parliament Information Office in Athens (since 2013).
